- **Comfortable operation** : An integrated smoke extractor and filter system is a standard feature to clean the air and remove any glue odors from office environments
- **Eco-friendly** : Low-temperature glue and, eco-mode, reduces power consumption

Horizon

Table-top Perfect Binder BQ-P60

High quality binding gives you a lead in making materials, such as for presentations.

■ Clamper Section ■

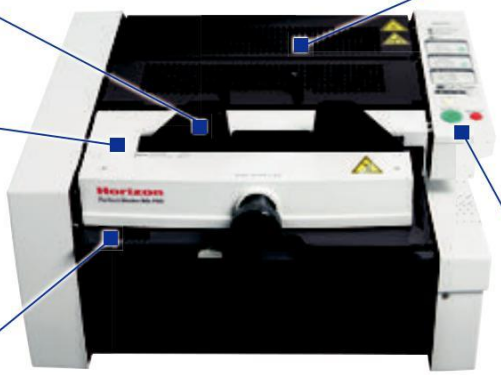
The book block is firmly clamped, to produce a professional quality book up to 25 mm thickn.

■ Nipping Section ■

Nipping strength is adjusted automatically according to the binding style resulting in document quality not found in other tabletop binders.

■ Cover Insertion Section ■

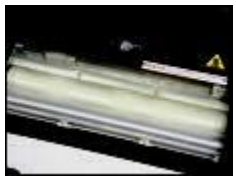
Users original cover can be used. Tape binding is also available. Tape widths of 30 mm to 40 mm can be used.



■ Glue Application Section ■

Amount of glue can be adjusted by dial, depending on the thickness of the book.

Smoke extractor removes glue odors from the office for comfortable operation.



■ Operation Panel Section ■

To start, simply choose the desired binding style, insert the book block, and follow the procedures indicated by the LED lamps. The machine goes to Eco-mode automatically after certain period if the machine is not used.

Easy Operation

Professional documents are finished fast With simple push-button operation.

Choose the binding style and insert the book block.

Press the start button.

Insert a cover, then press the start button.

The book is finished!
